

Neil Milbourn - BI Lead | BI Developer

Neil.Milbourn@gmail.com | +33 743 311 113 | Paris, FR (92) | <https://www.linkedin.com/in/neilmilbourn/> | EU Work Rights

End-to-end BI leader with a decade of experience designing reporting strategies, building Power BI platforms, and delivering data-driven insights for public and commercial organisations. Specialises in dashboard design, KPI frameworks, and stakeholder engagement across senior leadership and client-facing teams, turning fragmented data into daily decision-making tools at scale.

WORK EXPERIENCE

Upmkt / Mktplaces Ltd

Mar. 2022 - Present

Business Intelligence Lead | Oct 2024 - Present

Remote, UK

- Re-architected Upmkt's reporting from manual SharePoint/CSV sources into a real data platform: Azure SQL warehouse and Python ETL pipelines across 5+ marketplace APIs, eliminating 14+ hours of weekly manual reporting.
- Scaled the Power BI platform to serve 20+ users across 30+ client accounts in the UK, EU, US and UAE.
- Applied AI-assisted workflows to halve dashboard development time, automating DAX measure generation and prototyping reports directly from stakeholder requirements.
- Defined the KPI reporting framework covering revenue, margin, and operational efficiency, adopted org-wide as the primary decision-making tool and presented directly to senior leadership and client directors.
- Govern the platform's operations: workspace administration, RLS access control, deployment pipelines, and refresh orchestration across multiple business units.

Business Analytics Manager | Mar 2022 - Oct 2024

- Built the company's first Power BI platform from scratch, sourcing data from SharePoint and CSV exports, delivering monthly profitability dashboards across 20+ client accounts.
- Managed and mentored a two-person analytics team, providing day-to-day direction, task allocation, and quality oversight, and acted as the primary escalation point for reporting before it reached leadership

Penguin Random House UK

Apr. 2014 - Feb. 2022

Business Intelligence Analyst | Jan 2019 - Feb 2022

London, UK

- Owned and developed Tableau and Power BI dashboards serving editorial, sales, and marketing teams across the UK publishing group, supporting 80+ internal users.
- Delivered commercial insights supporting contract negotiations and marketing investment decisions across 50+ publishing titles, presenting findings to divisional directors.
- Led profitability assessments and market performance tracking that directly informed pricing strategy and resource allocation decisions worth six-figure budgets.

Group Commercial Analyst | Jan 2017 - Dec 2018

- Built tools to consolidate and track marketing performance, reducing manual reconciliation across promotional campaigns.

Group Commercial Assistant | Apr 2014 - Dec 2016

- Streamlined pricing and operations using VBA, saving 100+ hours annually. Automated & optimized digital content pricing.

Earlier roles

Renewable Scheme Officer at OFGEM (2013–2014); Operations Coordinator at Société Générale de Surveillance (2013).

EDUCATION

Swansea University

Sep 2012

BSc Environmental Science Degree

Swansea, UK
